Alphabet Contests

1. This month's contest is a 1/4A to F alphabet contest.
2. Alphabet contest participants must launch 8 rockets from the lowest to highest impulse (1/4A, 1/2A, A, B, C, D, E, F) in that order.
3. Each contest rocket must have a successful flight and be returned to the judge before the next rocket is launched.
4. You may not have two contest rockets on the pad simultaneously.
5. If a flight is unsuccessful, it may be re-flown with the same rocket or a different rocket.
6. The first contestant to complete all 8 launches is the winner.
